LOGIC MODEL— AN AID IN PLANNING AND MONITORING YOUR ACHIEVEMENTS

Applicant Name: _____ Project Number: _____
 (Number assigned by GCORR office)

Contact Person: _____ Email / Phone: _____

Goals List what you hope to accomplish through this program/project (see logic model instructions)	Participants Who are your partners? Who will benefit from your program/project? Who is responsible for various activities?	Activities What will be done, step by step, to achieve the outputs and desired outcome of the program/project? Align participants with activity entries.	Outputs List the quantifiable results that will occur from your program/project. Be specific with numbers, details. What can be measured by your work? What illustrates success?	Outcome What is the shift in culture or specific change from the norm that program/project implementation will achieve? What concept is illustrated by an effective program/project?

Note: It is helpful to begin your work by identifying what your desired "Outcomes" are first; then return to "Goals" and proceed left to right in filling out the logic model
 Logic model form 03/11/10
